

A Journey Through Madness and Recovery: A Memoir of Psychiatry, Poetry, and Memoir

In Kathleen Glasgow's gripping memoir, *Writing in the Margins of Madness*, she weaves together her experiences as a patient in a psychiatric hospital with her reflections as a writer and poet. Glasgow's raw and unflinching account shines a light on the complex and often stigmatized world of mental illness, offering a profound perspective from both sides of the patient-provider divide.

A Descent into Madness

The memoir opens with Glasgow's harrowing experience of a manic episode. She vividly describes the delusions, hallucinations, and paranoia that consumed her mind, leading to a hospitalization that would irrevocably alter the course of her life.

As she navigates the unfamiliar and often bewildering landscape of the psychiatric ward, Glasgow's keen observational skills come to the forefront. She paints vivid portraits of her fellow patients, the dedicated medical staff, and the institutional routines that both sustain and suffocate her.
